

# Directions to Kitchen & Associates Architectural Services, PA From Walt Whitman Bridge

**Map:** Not to scale - for directional use only.

## Directions:

When coming to K&A directly from the Philly airport, follow I-95 North, and take the exit for the Walt Whitman Bridge (also denoted as I-76 EAST).

On the downstroke of the bridge, position yourself in the RIGHT lane, which will be an "exit only" lane...you are following signs for Rte 130 North.

Take the Rte 130 North exit ramp off to your right, and be sure to come to a stop at the bottom (before coming onto 130...very short sight distance)

Follow Rte 130 North about 1/4 mi or less, to your 2nd traffic light (Collings Ave), and turn RIGHT.

Take Collings Ave as far as it goes, which will dead-end at a light on Haddon Ave. Turn RIGHT onto Haddon, go one block to our building at #756 (restored brick schoolhouse with pedestal clock in front), on the corner of Irvin Ave. Turn RIGHT onto Irvin Ave & swing around into our parking lot.
